

M e m o r a n d u m

Date: June 22, 2009

To: Needles Area

Attention: Lieutenant D. W. Bradley

From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**
Office of the Assistant Commissioner, Inspector General

File No.: 005.9968.A7146.010

Subject: 2009 COMMAND PROPERTY INSPECTION REPORT

In accordance with procedures outlined in Highway Patrol Manual (HPM) 11.2, Materials Management Manual, and HPM 22.1, Command Inspections Program Manual, an inspection of your command's property, including vehicles and weapons, was completed by the Property Inspector (PI) on April 15 – 16, 2009. Using property records from the appropriate Offices of Primary Interest (OPI), the PI selected a random statistically-valid sample of property that was stratified across four property areas: general inventory control, telecommunications, fleet, and weapons (see Attachment B, C, D, and E). Additionally, the PI chose items within your command and compared them to the appropriate inventory records.

When comparing equipment recorded on the predetermined property inspection list to equipment located at the command, seventy-five of the seventy-seven items were located. The two items that could not be located had been transferred to another command, but were still listed on the command's property inspection list. Of the seventy-five items located, two items were missing property tags and seven items need correction to the property record. The property inspection results of the equipment recorded on the predetermined property inventory list to equipment located at the command are summarized in Attachment A.

When comparing equipment located at the command to the OPI inventory list, sixty-three of the seventy-nine items reconciled. Sixteen items require corrections to the property record. The property inspection results of equipment located at the command to the OPI inventory list are summarized in Attachment A.

I request your command research and investigate all discrepancies in accordance with departmental procedures outlined in HPM 11.2, Materials Management Manual, Chapter 8, Equipment, and work with the appropriate OPI(s) to rectify any variances. A Physical Inventory Adjustment Request, CHP 24, must be completed to adjust the inventory records. Please submit a memorandum through your Division to the Office of Inspections verifying all discrepancies have been addressed by September 22, 2009.

Safety, Service, and Security

Needles Area

Subject: Re: Early Survey Unit # 1240244 "PCF"

Thank You Sir.

>>> Mark Stevens 3/24/2009 12:59 PM >>>
Hello Bill,

Vehicle 1240244 is being early surveyed due to accident damage. The vehicle is currently at Fleet Operations Section in Sacramento.

Jennifer or Julie will contact you when a replacement vehicle is complete.

Please feel free to call with any questions.

Mark
